INFORMATION DISCLOSURE STATEMENT

Sir:

Submitted herewith is a copy of art together with a form listing the same for the convenience of the Examiner.

I respectfully request that the information submitted be considered and enclose our Check No. 26589 in payment of the required \$180.00 fee.

In U.S. Application Serial No. 09/405,182, ('182 application), the Examiner has made a provisional double patenting rejection over the present application. It is believed likely that the treatment of breast cancer was the most important aspect of the claims underlying the '182 Examiner's decision to make a provisional double patenting rejection in the '182 application. Treatment of breast cancer, following the restriction requirement in the present application, was removed herefrom and placed in a divisional hereof (U.S. Application Serial No. 11/542,788 filed October 3, 2006). Nonetheless, the Examiner is urged to compare the subject matter of the present claims versus those of the '182 application.

An Information Disclosure Statement was mailed by the applicant herein on January 25, 2007. The above-identified '182 application was identified on page 2 of the accompanying two-page Form PTO-1449.

The Information Disclosure Statement which enclosed the two-page Form PTO-1449 inadvertently stated January 25, 2006 as the mailing date. This should have stated January 25, 2007, which is correctly shown on the top right corner of the same document. Because fees were paid in the prior submission, it is believed that no additional fees are due because of the foregoing error in the Certificate of Mailing. However, the Office is authorized to charge Deposit Account No. 15-0700 for any additional fees that may be owing in view of this error.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to:  
Commissioner for Patents P.O. Box 1450,  
Alexandria, VA 22313-1450, on March 9, 2007
